FOR COUNTY JUDGE,

W. A. COX.

I respectfully solicit your vote for County Judge. I pledge you an honest, straight forward administration of your County affairs and a square deal for all. I will do my own thinking and permit no one to decide cases or write opinions for me. I earnestly ask your support and from now until Nov. 6th, I propose to make an active canvass of the County. Those I might not be able to see, I trust you will give my candidacy due consideration.

Yours truly,
W. A. COX.

The Council of National Defense

The week of October 21st to 27th will be given over to a campaign to get housewives to pledge to save food. Since we have had reasons to think of this line, we know that millions of dollars have been wasted by housekeepers. This was bad business, when our whole nation was producing food for making money from other vocations to pay for the supplies produced by the farmers. Now the producing population is cut down by men in the army and navy, by all men and women working in munition factories, by ship and airplane builders, also by extra demands for millions of bushels of wheat and large quantity of meat, which we must supply the armies of the allies and the suffering millions in Belgium and France. So it will be worth while if 1,000,000 of housewives pledge themselves to save and that saving would amount to one per cent. Two ounces of meat, one ounce of sugar each day would in one year save 33,333 pounds, or 667 tons of meat, and 22,222 lbs. of sugar. This amount can be saved in Rockcastle County, and nobody work any harder or any more, nobody go hungry. It is a matter of being thoughtful and these pledges will help many to think and act along this line.

Asthma-Catarrh and Bronchitis

Can Be Greatly Relieved by the New
External Vapor Treatment.

Don't take internal medicines or habit-forming drugs for these troubles. Viek's "Vap-Or-Rite" Salve is applied externally and relieves by inhalation as a vapor and by absorption through the skin. For Asthma and Hay Fever, melt a little Viek's in a spoon and inhale the vapors, also rub well over the spinal column to relax the nervous tension. 25c, 50c, or \$1.00.

TO THE VOTERS OF ROCKCASTLE COUNTY:

This is to announce to the voters of Rockcastle County that having been asked both by Republicans and Democrats to make the race for Sheriff on the Independent ticket, I have, after due consideration, decided to throw my hat in the ring. If I am elected Sheriff I promise that I will be Sheriff for all the people. I expect to see all of the voters of Rockcastle county before November 6th. I ask my friends to get busy and help elect me Sheriff. If I am elected I promise that I will stay sober and make the county an efficient officer.

C. H. FRITH.

AN APPEAL TO THE LABORING PEOPLE OF THIS COUNTY.

After laboring ten to eleven hours per day in rock quarry, then reading law each night until being admitted to the bar, June 1912, and having practiced my profession since that time, I am now asking the people of this county to give me the office of County Attorney. After five years' experience, I feel that I am competent for the office.

How did my opponent get his training?

Did he get it while laboring during the day, and studying at night?

Does he need the office in the support of his family?

Think of this my fellow laborers, and if elected I promise a strictly sober and faithful performance of the duties that pertains to the office to which I aspire.

J. ASHLEY OWENS.

Wayside Notes

By "J. M."

Dr. Grover C. Price, formerly of Level Green writes that he is located at Judson, Indiana. The county has more mileage of gravel roads than any other in the state. Has been appointed 1st Lieutenant in medical reserve corps, U. S. Army.

Miss Ellen Butner, whom many will remember as an efficient Rockcastle teacher is proprietress of a successful hotel, Gray Gables, on the coast of Florida, located at Sea Breeze. She requests that Rockcastle and other friends to visit her while touring the Sunny South.

Jim (Ziezy) Reynolds, a citizen of Mt. Vernon many years ago, is hostler at round house for L. & N. at Paris, a position he has held a number of years.

J. Harvey Van Hook, writes: "I see Jack Conn has responded to your call". Jack and I were school mates at old Boone's Fork school house (Broadhead) in the 70's under the tutelage of R. H. Swinney and S. H. Martin. I am located at Burnside, Ky., in general mercantile business and getting along very well for a boy of my age, 62.

Robert (Toosh) Jones, who rounded on lines between Canada, Gulf of Mexico and California, fastened himself down to an engineer's position in New York state and is doing well owning wife, children and three houses.

L. G. Falin, one of Rockcastle's best boys is now third trick man on train dispatcher's force in Union Station, on L. & N. Louisville. Geyer complimented the writer some three years ago by naming one of his boys, "Maret." That kid is some high stepper too.

Winchester's lone street car is No. 13. The writer walks. Ask Will Owens.

Successful corn harvesters are being operated in this county. One machine does the work of several men. Cuts the corn and ties it into bundles. Gathers up blown down almost, as well as standing corn.

E. J. Anderson's section at Flannagan is only a few miles south of Winchester. Will Gray, formerly of Livingston, is located in tower at Patio (South Winchester) the junction of Winchester and Irvine railroad. Cleveland Hayes, another Rockcastle boy is agent at North Winchester, half mile from court house. Russell Proctor is with him as operator. W. R. Mounce, of Livingston is railroad signal lineman.

Nine violent deaths have occurred in this county since June 1st by automobile accidents, falls, drowning and manslaughter one being suicide by drowning.

John Jones, long while telegraph operator on C. V. division is located in South Corbin yards, sending messages by word of mouth on railroad telephones, cultivating a big garden, on his own grounds, looking after his chickens and pigs and has old high cost back into a corner.

Will Gray, operator at Livingston for a long time, has a similar position in the tower at Patio at the junction of Irvine branch in South Winchester. He says he and family are pleased with Winchester.

Ed Jones, who is located on a Canadian railroad will probably change at an early date to a Kentucky road and be nearer home.

T. N. Roberts, once a clerk for J. H. Otter at Mt. Vernon, later in mercantile business at Bar-

bourville and then at Danville, being successful at both places has been living in Somerset for past two years and is sadly afflicted with locomotor ataxia.

Another Rockcastle boy writes. Victor H. Brown, son of Jarvis Brown, Level Green, says that after a number of years spent in telegraph and railroad business, he has entered the auditing department of the Sinclair Oil and Gas Co., of Tulsa, Oklahoma. "Wish you would sit down sometime and write me a few lines as I never hear from any of the old boys, but perhaps will get pretty good lines on most of them thru the Signal. There were Lloyd, Minor Fish, Jim Proctor, Joe Newland, the Bryant and Pennington boys, Conn Brown, myself and a number of others, all of us hammered away on the old "grape vine" telegraph line that reached from Mt. Vernon via David Bryants, and on beyond Buckeye. This was the starting point for quite a number of telegraph operators who have made good. I sure would love to run into the old bunch once more—Jim Minor and Lloyd have passed over the Great Divide. Give us all you can on this subject. We think it most interesting."

Everett C. Brown of Level Green is ticket agent for C. G. W. R'y, Mason City, Iowa.

Jack Brown, from Level Green is with the Pennsylvania railroad at Frankfort, Indiana.

Some of the farmers and stockmen, over here, have neat signs at their front gate by roadside. This one appealed to the writer. "Locust Grove Farm, Bowyer Brothers, breeders of high grade short horn cattle. Drive in you are always welcome." It occurs to us that anyone owning a place abutting a highway should have the name of the owner posted at the entrance thereof and the name of his farm, if it has one. It would save lots of time especially to travelers and strangers desiring to find some particular place. "Turn to the right at Bill Jones, follow the neighbor hood road across his farm and you will find Joe Anderson's place about a mile away." Now if Bill Jones has his sign up at his gate all is good and well, but the traveler may drive by his place or have to make inquiries at every house and every person he should happen to meet. Put up signs.

Typewriters shown on screen in picture shows are usually of the Oliver brand.

Automobile licenses issued in Kentucky up to September 21st: numbered 44753. It is claimed that Ohio has issued something like 400,000 during 1917.

It will be remembered that following the routing of Laurel end of Dixie-Boone via mouth of Parkers Creek, there is some criticism over it in which the name of the Hon. Nat. B. Sewell was mentioned as being the prime mover in this particular routing direction, from ulterior motives. The writer was not one of those critics. It is a great source of satisfaction to know of the big work done by this son of the mountains when mainly thru his efforts \$50,000 of Federal aid was switched to Rockcastle and Laurel for the purpose of finishing the gap in this great highway. This was accomplished even after it had virtually been decided by the Sinking Fund Commissioners to apply the whole Federal aid fund to the construction of one thru highway across the State of Kentucky. Friend Sewell got busy, and found good mountain friends in the persons of our Governor and Commissioner of Public Roads, and the deed was done. The Dixie Boone people were not idle. They started out in a systematic manner, to raise \$50,000 before the subject of Federal aid was broached. That amount is now in sight. Cities, towns, villages and individuals on the Dixie Highway between Mackinaw, at the head of the Lakes to Miami, Florida, at the "cead" of Gulf of Mexico, came forward with contributions to the fund. A. F. Sanford, of Knoxville, proved a good "man behind the gun". The systematic manner of his work in this undertaking proved a winner. In fact the business was placed in his hands and right well has he discharged the duties appertaining thereto. In addition to his

vast correspondence, on the subject, he has visited all the larger cities and laid the matter before Commercial bodies with good results. Last week he was in Montreal, New York City and other important points in the interest of this fund. The automobile manufacturers and auto clubs of the North and East donate \$10,000. This \$100,000 fund will be handled thru the State Highway Department at Frankfort in connection with Federal Highway Department at Washington. Under the supervision of these two departments the proper results are assured and a first class road will be the result.

When any great undertaking is launched it usually falls to the lot of a few a few pushers to do the "grind stone" work. At first enthusiasm runs at a high pitch. Everyone rushes to the front and fires off a big caliber cannon. Later on the majority reduce their fire arms to a 22 size, then to a fire cracker followed by a resounding silence; then step in the grind stone turners. In this connection can be mentioned some who have taken hold, and are today doing their "turn" in the important highway movement. Nat Sewell, D. C. Edwards and W. H. Poynter of London; Joe Bosworth, Middlesboro; R. L. Collier, Crab Orchard; W. O. McIntyre, Danville; Henry Roberts, Bristol, Va.; Carl G. Fisher, Indianapolis; J. W. Herndon, Berea; J. Frank White, Cumberland Gap; H. B. Varner, Lexington, N. C.; M. M. Allison, D. V. L. Robinson, Chattanooga; our Governor and Commissioner of Public Roads, Frankfort; and others including every member of the newspaper press of Kentucky.

Met Will Thompson, a few evenings since, on his newspaper route, delivering an afternoon paper in Lexington after school hours. Will is a worker and getting along nicely.

Rockcastle and Laurel counties are the biggest advertised localities on the Dixie Highway, on account of the unfinished gap of the road in their territory; not, however, to their discredit, for they have gone to the limit of their finances in this big undertaking, and to them is due as much or more credit than to localities much better fixed financially. Rockcastle will pass along in history as being the birth place and originator of the greatest road project ever undertaken to pierce the Cumberland and place a highway thru it over Boone's Trail.

Patience and sit still in the boat. Uncle Sam has a finger in the pie now, looking to the finishing up the gap in Dixie-Boone and that old gentleman insists on having things done his way and won't be hurried in matters. Its going to take time, in making surveys, estimates, etc., to his liking, before a pick or shovel will be allowed to break dirt on this work, but it will done in due time.

Would we glad for all the Rockcastle boys and girls, who are located in other counties or states to drop us a line, care box 399 Winchester, Ky., giving their occupations etc.

Eight violent deaths have occurred in Clark county since June 1st. Two by drowning, one by falling scaffold, one by knife thrusts and four by automobile accidents.

The Sunday Courier Journal of October 7th will have a number of interesting highway articles, including something of Boone Way.

Hello Joe Oliver left here Saturday afternoon in a tin Lizzie for Berea, his home town. He will travel hereafter in the Henry buzz wagon in visiting his merchant customers.

Among the oil people here from other states we meet several old time telegraph operators who find it much more profitable to follow the oil business than to "pound brass" for a living.

Joe W. Adams, who was born in the house where Gus Staver son now lives; is a resident of Lexington. After following the telegraph business for some years entered the mercantile business at Donerail, just out of Lexington where he has done well.

Miss Ida May Adams is a buyer for a Los Angeles, California house, dealers in ladies suits.

Miss Ida May makes semi-annual trips to New York city to make purchases and is successfully filling the position.

That Owens person, the Livingston pencil pusher, came up missing with his report last week. Guess he is getting his second breath to jump on us with all four feet again. "He order be a bit keeful, I've ben heerin' things about him recently."

Have they begun putting on metal over Boone Way in Rockcastle? and at what points? What progress is being made? Have surveys been begun up river from Livingston, are questions put to us daily over here. Tell it in the Signal.

CHAMBERLAIN'S COUGH
REMEDY THE MOST
RELIABLE.

After many years' experience
in the use of it and other cough
medicines, there are many who
prefer Chamberlain's to any other.

Mrs. A. C. Kurstin, Greenville,
Ill., writes, "Chamberlain's Cough
Remedy has been used in my
mother's home and mine for
years, and we always found it
a quick cure for colds and bron-
chial troubles. We find it to be
the most reliable cough medi-
cine we have used."

MRS SMITH RECOMMENDS
CHAMBERLAIN'S TABLETS.

"I have had more or less stom-
ach trouble for eight or ten
years," writes Mrs. G. H.
Smith, Brewerton, N. Y. "When
suffering from attacks of indi-
gestion and heaviness after eat-
ing, one or two of Chamberlain's
Tablets have always relieved me.
I have also found them a pleas-
ant laxative." These tablets
tone up the stomach and enable
it to perform its functions nat-
urally. If you are troubled with
indigestion give them a trial,
get well and stay well.

Catarrhal Cough

Mr. W. S. Brown, R. F. D. No. 4,
Box 52, Rogersville, Tennessee,
writes:
"I feel it my duty to recommend
Peruna to all sufferers of catarrh or
cough. In the year 1909, I took a
severe case of the la grippe. I then
took a bad cough. I had taken all
kinds of cough remedies but got no
relief. I then decided to try Peruna.
I used five bottles. After taking five
bottles my cough stopped and my
catarrh was cured. My average
weight was 115 and now I weigh
145. Any one suffering with cat-
arrh in any form I will advise them to
take Peruna."

There is nothing as safe as U. S. Bonds and we have a number of people who can respond to this call. Remember this money goes for the support of our boys at the front, and if you do not have a boy there your neighbor does. Buy a Liberty Bond today. You can get them in denominations from \$50 up. To day is the day to act, not tomorrow.

The Laurel County School Fair, held at London fair grounds last Saturday had an attendance of about 5,000 boys and girls. The exhibits were superior to those of the County Fair at London a month ago. Every school in Laurel county and all the teachers were there, and the children standing single file would reach two miles. The parents of nearly every child were there and the crowd numbered nearly 9,000. County Agent Sam Morgan and County Superintendent Feltner were very active in getting the School Fair on foot and they deserve much credit.

The Rockcastle County School Fair will be held here Oct. 28th, and it is hoped every school child and parents will be here. A complete program will be found in another column of this issue.

MASS MEETING.

A Mass Meeting of the citizens was called last Saturday night for the purpose of selecting a ticket for Town trustees, Police Judge and Marshall, to be voted for at the November election and to be known as the "Citizen Ticket." Dr. M. Pennington was elected chairman and Dr. G. Lovell was made secretary. As the object of the meeting was well understood, but little time was spent speech making. It was a business meeting and the assembly got down to business right off the reel. A committee on resolutions composed of Rev. H. F. Young, T. J. Nicoley, W. H. Krengel, E. R. Gentry and E. S. Albright, was appointed and who offered the following resolutions which were adopted. The resolutions are as follows:

Whereas the town of Mt. Vernon is facing the brightest outlook in her history, two great highways meeting within her corporate limits, it is imperative that she has the strongest and best government that can be obtained. Her attractiveness, her general improvement and progress, her moral uplift, which is conducive to the development of better homes, better schools, and better churches are all dependent upon a city government that is both clean and strong. Be it therefore resolved: That we, the citizens and voters, met in mass convention on this the 29th day of September, 1917, adopt the following platform, that the people may know what to expect from the ticket nominated by this convention.

FIRST: We stand for the enforcement of all laws and ordinances pertaining to the incorporation. Second: We stand for a town that is clean, physically and morally. Third: We stand for the development of the town and for the promotion of every interest that shall uplift our people and give us a better citizenship.

SECOND: We stand unconditionally opposed to pool rooms, gambling rooms, slot machines, and all other kindred institutions that tend to demoralize our boys and girls.

After the adoption of the resolutions the convention proceeded to nominate a "Citizen Ticket" as follows:

Police Judge, R. A. Welch; Marshall, Picas Debord and for Trustees, W. M. Poyner, U. G. Baker, Robt. Cox, L. W. Bethurman and J. L. Cooper. These accept the above as their platform and if elected will stand on that platform during the term of their office.

After an extended personal conference with Secretary McAdoo in Cleveland yesterday, I am more than ever convinced that the Liberty Bond sale must be a success. Our country needs help. Without united assistance the canvass cannot be a successful one in this district. I earnestly appeal to you to give every moment of your time that you can possibly spare to the sale of the 4 per cent bonds. No better evidence of your patriotism could be shown than an earnest effort to support our boys at the front. They are offering their lives for our country. Surely we can furnish our portion of the money. If advertising matter is needed please wire me and it will be shipped at once. I am directed by the Secretary of the Treasury to make this appeal to each chairman and I add my personal appeal.

J. W. STOLL,
District Chairman.

Patriotic week in this State was a great success in way of the speaking campaign which was carried out over the whole State, and at most places the campaigners were greeted by large and attentive crowds. Dr. H. H. Cherry, President of Western State Normal School, of Bowling Green, has proven himself able to handle a big proposition and has done a great work for the people of the State. More than 1,000 people attended the speaking in this county and all feel proud of work done and feel that lasting good has been accomplished.

STYLE

STYLE IS SOMETHING LIKE A SUNBEAM, YOU CAN SEE IT AND IT IS WONDERFUL, but you can't take hold of it. Still it is very real—so real that the average man can no more get along without it than he can three meals a day. Style isn't the foundation of a SWANN, but this element reinforced by fine hat building makes a SWANN by far the most desirable brand of head-gear.

The government at Washington has advanced \$5,000,000 to Great Britain, bringing the total advanced that country thus far up to \$1,150,000,000, and the total of all credits to the allies up to \$2,425,000,000.

American troops for the first time are under German fire in France. Two American soldiers have been slightly wounded. They were struck by fragments of a bursting shell. A certain contingent of the American army is now located directly behind the British line, well within range of the enemy guns.

"Shoot the traitors in this country!" is the advice of Senator King of Utah.

Secretary Lansing made public at Washington an astounding addition to the series of disclosures covering German intrigues in America and elsewhere—a message sent by Count von Bernstorff in January of this year to the Berlin foreign office requesting authority to pay out \$50,000 to influence congress through an unnamed organization, apparently known to the Berlin authorities. Bernstorff indicated in his message that money had been paid this organization on former occasions to perform the same work.

Germany and Austria-Hungary are both very desirous of peace. This was revealed in their replies to Pope Benedict's plea for peace, copies of which reached Amsterdam. The German note says the Kaiser "cherishes a lively desire that the appeal may meet with success." Peace would come from the recent proposal of Pope Benedict if the belligerent nations would enter into negotiations in the sense of the pontiff's suggestions. Emperor Charles of Austria-Hungary says in his reply to the Vatican note.

Expulsion of Senator Robert M. La Follette of Wisconsin from the United States senate is demanded in a petition addressed to that body by the Minnesota public safety commission. Senator La Follette is accused of making an address of a disloyal and treasonable nature at the Minneapolis league convention in 1916.

A proposition of a bill of the senate, which would formulate a large part of the nation's construction. The demands will be submitted to the congress. Unless the bill is adopted the government may be forced to take control of the nation's fuel supply.

The Standard Oil tank steamer Moller was blown up by an accident—explosion of a boiler. The explosion occurred at Richmond, a port on San Francisco bay. Two men are missing.

A temporary wage schedule which will permit 30,000 ironworkers to work immediately upon ratification of the agreement by the unions concerned pending final adjudication of their differences by the federal board of conciliation, was signed at San Francisco at a conference between representatives of the men, their employers and federal mediators.

A revolution of 2,000,000 malcontents, nation wide in scope, backed by I. W. W. and 48 affiliated organizations, including the Working Class union, in which it was planned to apply the torch to small cities, shoot officers of the government and demoralize communication, was planned for July 27 last, according to the testimony of Will Hays, state witness in the trial at End, Ohio, of 11 alleged anarchist agitators.

Pursuant to action taken at a mass meeting of workmen, 4,000 men employed in steel shipyards at Portland, Ore., went out on strike. About 3,000 men employed in wooden shipyards already are on strike.

Nearly 20,000 of the leading bankers of the United States gathered in Atlantic City to discuss the tremendous financial problems raised by the war.

Mrs. Julia Mikula of Hamtramck, Mich., hanged three children and herself in their home.

There is enough food in sight to win the war—enough to feed the world. The biggest crop of food products ever grown in the United States, which means the biggest crop ever grown by any country in the world, is ready for the harvest.

A strike of 10,000 members of the Lake Seamen's union, including sailors, cooks and firemen employed on freight boats plying on the Great Lakes, has been set for October 1, by what appears to be practically a unanimous vote of the men involved.

European War News

Advices have been received at Amsterdam from the frontier by the Telegram to the effect that about 50 residents of Ghent, Belgium, have been put to death in the last three weeks on charges of espionage.

A squadron of German airplanes swept over the French trenches. Capt. Georges Guyonnet was officially reported as "killed in action" and all France mourns the loss of its idol, the hero of France. He brought down 52 airplanes.

The war office at Paris announced that German airplanes bombarded the camp of German prisoners near Baes-le-Lue, and two prisoners were killed.

General Godwin's forces made progress during the night at several points in the Julian battle front, says a dispatch from Rome.

A British destroyer has been torpedoed and sunk by a German submarine in the approaches of the channel, according to an official announcement at London. There were fifty survivors.

After a battle on the Riga front Russian forces pushed forward in the region of the village of Rudna and pressed back the German advanced guards. It was officially announced by the Petrograd war department.

Foreign

The Uruguayan congress at Montevideo has been called to meet in special session to vote on the question of severing relations with Germany.

By a vote of 31 to 18 the Argentine chamber of deputies voted to support a break in relations with Germany. The vote was on a motion "to proceed to break relations with Germany."

Captain Laurelli of the Italian army, accompanied by an observer, made a non-stop airplane flight from Turin, Italy, to London. He covered the 550 miles in seven hours and twelve minutes.

The Costa Rican government at San Jose by official account severed diplomatic relations with Germany. Passports were handed to the diplomatic representatives of Germany. Costa Rican consuls in Germany were recalled. The break was due to the discovery by President Chacón that Germans had joined with the followers of Gonzalez in conspiring against the government.

Just as the Argentine chamber of deputies was preparing to vote on breaking diplomatic relations with Germany, an official communication was received from the Berlin foreign office. The German note gave satisfaction to Argentina.

General Alexieff has resigned his post as chief of the general staff under Premier Kerensky, the commander in chief of the Russian armies, according to newspaper reports from Petrograd.

The king of Bavaria has sent pearls to the value of \$125,000 to neutral countries for sale, according to the Berlin Lokai Anzeiger.

Washington

Four more militant suffragist pickets were sent down to Occoquan to "serve time" for the cause. They were convicted of "carrying the banner" in front of the White House at Washington.

The senate passed the \$8,000,000,000 urgent deficiency bill without a roll call at Washington. The house granted the army \$2,500,726,725, and the senate added \$74,247,244. The navy was given \$573,019,025 by the house and the senate added \$24,649,500, a total of \$607,668,525.

Creation of a house committee on woman suffrage was ordered by the house at Washington by a vote of 151 to 107.

The house at Washington had a wild and noisy session over the disclosure that Count Bernstorff, while German ambassador here, asked his government to authorize the expenditure of \$50,000 to influence congress. Representative Norton attacked Representative Heflin, who was quoted in a newspaper as saying he could name a dozen congressmen who "had been acting suspiciously." Heflin denied that the interview attributed to him was correct.

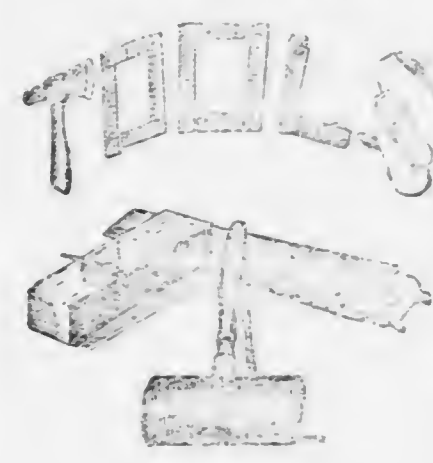

The death warrant of seditious newspapers was signed at Washington. The house finally passed the trading with the enemy act, giving Postmaster General Burleson almost unlimited powers for the suppression of treasonable publications.

After brief debate the senate at Washington adopted the conference report on the trading-with-the-enemy bill, with only six negative votes. The house is expected to accept the report and send the measure to the president for his signature.
